Project Title: House Hunt App using Mern

Date:11-07-2024

Prepared by: Aitha Pranith

Subbannagari Lahari

Kuragayala Hariraj

### Project Overview:

**Project Name:** HouseHunt : Finding your perfect Rental Home

### Project Description:

House Hunt is a rental home application designed to help users find and rent properties efficiently. The app includes features such as user registration, profile management, property browsing and searching, communication tools, and property listing functionalities.

Project Version: 1.0

Testing Period: 22nd June 2024 to 12th July 2024

## Testing Scope:

### →Features and Functionalities to be Tested:

- User Registration
- User Confirmation
- Profile Management
- Browsing and Searching
- Communication
- Property Listing

### →User Stories or Requirements to be Tested: (USN-1 TO USN 15)

- **USN-1:** As a user, I can register for the application by entering my email, password, and confirming my password.
- **USN-2:** As a user, I will receive a confirmation email once I have registered for the application.
- **USN-3:** As a user, I can register for the application through LinkedIn.
- **USN-4:** As a user, I can receive confirmation via email.
- **USN-5:** As a user, I can register confirmation via OTP.
- **USN-6:** As a user, I can update my personal information.
- **USN-7:** As a user, I can change my password.
- **USN-8:** As a user, I can set preferences for notifications and alerts.
- **USN-9:** As a user, I can perform a basic search, apply filters, and view results on a map.
- **USN-10:** As a user, I can create favorites and shortlists, and view market trends.
- **USN-11:** As a user, I can view nearby amenities.
- **USN-12:** As a user, I can use messaging and schedule appointments.
- **USN-13:** As a user, I can share documents and receive transaction updates.
- **USN-14:** As a user, I can upload photos and videos, and add property features and amenities.
- **USN-15:** As a user, I can access legal and disclosure information, and negotiate offers.
